

Growing Golf's Future Talent

The 2016/2017 season marks an exciting time for the Butch Harmon School as it looks to further its connection with the local community and help develop the outstanding talent that lies within the region. The connection with Victory Heights Primary school is a perfect fit as it allows us to link with a top class primary school that, like us, offers outstanding facilities, and gives us the opportunity to work with even more junior golfers in the coming year.

BHSG is committed to helping young players grow and enhance their skills, setting them on the path to becoming better golfers. The Victory Heights programme is delivered in a fun and dynamic way, to help instill a real passion for golf in our young players! Kids will enjoy learning a variety of skills that can be transferred to their golf education and will help them progress more effortlessly in their game. At BHSG, we teach according to biological rather than chronological ages, which means late bloomers and early developers are treated fairly and equally.

Term	Dates	No. Of Weeks	Total Fee
