Little Masterpieces Art

From Great Paintings to Master Sculptures!

Little Masterpieces offers a unique perspective on art, examining the techniques and styles of renowned artists like Van Gogh, Matisse, Da Vinci, and Picasso. Through our program, children not only learn about the history of art, but also have the opportunity to recreate these techniques themselves. Our curriculum covers a wide range of mediums, from pencil, charcoal, pastel, and pen & ink to acrylic painting on canvas and sculpting with clay and plaster. With our step-by-step approach, students can explore and develop their artistic skills, creating new masterpieces each term and building a portfolio of work to be proud of.

Every Tuesday at Victory Heights Primary School

FS1 & FS2: 1.50PM TO 2.50PM & Year 2 to Year 6: 3.00PM TO 4.00PM

Dear Parents,

Thank you for your interest in StepUp Academy ECA at Victory Heights School.
ECA Term 1 date starts from 4th September – 30th November 2023
(excluding holidays and school breaks)

Class Information:

Ballet - We introduce our students to Ballet in a fun and imaginative environment, preparing them with the foundations for future RAD Ballet studies from 5 years old. They will learn new movements, positions, and techniques alongside working on choreography and syllables work.

Street Dance - These are popular, fun, and energetic, yet disciplined classes. Throughout the lessons, a variety of different music styles, rhythms, and beats will be used and students will work towards set choreography.

Acrobatics - The classes work on flexibility, balance, strength, muscle control, discipline, and concentration alongside tumbling, tricks and choreography.

ENGINEERING WORKSHOPS

Engineering workshops are run by actual engineers from different fields who guide students through the same journey engineers go through from conceptualisation to designing building and testing.

Enrol your child today!

www.etb.ae

*Mondays: 3:00-4:00
Fees: 1140 AED*

THESE ENGINEERS LEAD YOUR CHILDREN THROUGH INTERACTIVE WORKSHOPS THAT ENCOURAGE CREATIVE THINKING TO COME UP WITH SOLUTIONS TO EXISTING, REAL-LIFE PROBLEMS.

In doing so, each workshop is building up a new generation of engineers – **one edutainment** experience at a time.

CONCEPT + DESIGN + TESTING = ENGINEERING WORKSHOPS

- All workshops mimic real life situations
 - Children review a concept, make sure they understand it, create a design, and build a prototype
 - They test their work to ensure it works properly
 - There are no ready-made kits, which encourages them to get creative with their designs, enhancing their understanding of engineering and design
 - There are multiple levels for students to progress through based on age and ability
-

YOUR CHILDREN WILL LEARN THE FOLLOWING

- Different fields of engineering
- Problem solving
- Critical thinking skills
- Using math and physics in real life
- Use of different tools effectively
- Design skills
- Taking measurements correctly

STEM CHALLENGES

Fun filled activities that help
students test engineering
aspects, science concepts and
learn about modern tech in an
engaging environment.

Enrol your child today!

www.etb.ae

*Mondays 1:50-2:50
Fees: 1135 AED*

CHILDREN FACE A FUN CHALLENGE EACH SESSION
THE CHALLENGES VARY BETWEEN DIFFERENT
FIELDS OF ENGINEERING, SCIENCE AND CODING.

In doing so, we are building up a new generation
of engineers – **one edutainment** experience at a time.

**SCIENCE + TECH + ENGINEERING + MATH
= STEM**

- The children will solve engineering based challenges
 - They will code their own video games
 - They will build small engineering based projects
 - They will learn how to use different tools
 - They will manufacture safe and sustainable toiletries and cosmetics
-

YOUR CHILDREN WILL LEARN THE FOLLOWING

- Understanding of engineering concepts
- Learn basics of coding
- Experiment different science experiments
- Have fun and make new friends
