

**Period 9 Programme**  
**September 2024**  
**Term 1**

**At Victory Heights Primary School**, we believe in offering students a holistic education that extends beyond academics. Our co-curricular and extracurricular activities are thoughtfully designed to harness creativity, foster personal growth, and encourage students to explore new interests. With a comprehensive and diverse range of opportunities, students can engage in activities that challenge their abilities, broaden their horizons, and spark lifelong passions.

From the arts—such as music, drama, and visual arts—to STEM-based clubs like coding, Lego League, and eco-warriors, we offer something for every interest. Our activities promote creativity, critical thinking, and teamwork, helping students develop essential skills that will support them later in life. Whether it's mastering a new instrument, working on a coding project, or participating in team sports, each club provides a platform for personal achievement and collaboration.

We believe that learning should be both fun and goal-oriented, so each program is structured with a clear objective in mind. This gives students the satisfaction of working toward a final performance, project, or competition, ensuring they feel accomplished and rewarded for their efforts.

At Victory Heights Primary School, we also prioritise inclusivity, ensuring every student has the chance to participate in activities that align with their interests and abilities. By offering a variety of clubs, we cater to different learning styles and passions, empowering students to discover their strengths in an encouraging and supportive environment. These experiences not only enrich their school life but also prepare them with the skills, resilience, and mindset needed for future success.

*'Inspire growth, ignite passions, and build skills that last a lifetime'*

## **Maths Mania**

Lead: Ms Charlotte

Maths Mania is all about making mathematics exciting and interactive. Students will tackle fun puzzles, brainteasers, and real-world challenges that sharpen problem-solving and logical thinking skills. From competitive games to group activities, Maths Mania connects maths to everyday life in a creative way. It's the perfect club for students who enjoy a challenge and want to see the fun side of maths while boosting their confidence in a supportive, energetic environment.

## **Choir (KS1 and KS2)**

Lead: Mr Khaled | Mr Rob

The Choir is a fun and welcoming space where students can enjoy the joy of singing together. Members explore a variety of music, from modern hits to classics, while learning vocal techniques and harmonization. It's more than just singing—students build confidence, express creativity, and form connections through music. With opportunities to perform at school events, the Choir allows students to showcase their talents in a supportive environment. Whether you're new to singing or experienced, the Choir is the perfect place to develop your skills and experience the power of group performance.

## **Dance (KS1 and KS2)**

Lead: Ms Chelsie | Ms Charlotte | Ms Rebecca

The Dance club invites students to express themselves through movement and rhythm. Whether learning choreographed routines or exploring freestyle, students will develop flexibility, coordination, and confidence. Dance also connects movement to music, teaching teamwork and discipline in a fun, energetic atmosphere. Performances at school events allow students to showcase their skills and creativity while being part of a dynamic and supportive community.

## **Islamic Studies**

Lead: Ms Reehan

Islamic Studies offers students an opportunity to deepen their understanding of Islam. Through engaging lessons, students will explore the teachings of the Qur'an, the life of the Prophet Muhammad, and the core values of the Islamic faith. The club encourages reflection, discussion, and personal growth, helping students connect their beliefs with their daily lives.

## **Drama**

Lead: Ms Jade | Ms Mollie | Ms Millie | Ms Isabel | Ms Hayley

The Drama club is all about creativity and performance. Students engage in acting exercises, improvisation, and stagecraft to develop their skills in expression, teamwork, and confidence. Drama offers a space for students to explore characters, emotions, and stories, whether through scripted plays or creative improvisation. It's a great opportunity to perform on stage during school productions, while learning how to communicate and collaborate in a fun, supportive environment.

## **British Sign Language**

Lead: Ms Jasmine | Ms Kirthana

British Sign Language offers students a unique opportunity to learn a new form of communication. Through fun and interactive lessons, students will master basic signs and develop an appreciation for non-verbal communication. BSL is a valuable skill that enhances inclusivity.

## **First Lego League**

Lead: Ms Alsha

First Lego League is a hands-on robotics and engineering club where students work together to solve real-world challenges using LEGO. Combining creativity with coding, engineering, and teamwork, participants design and program robots to complete tasks and solve problems. It's a fun way to develop STEM skills while fostering collaboration, critical thinking, and innovation. Competitions provide an exciting opportunity for students to showcase their ideas and creations, making learning both fun and competitive.

## **Spanish**

Lead: Ms Tania

Spanish offers young learners an exciting introduction to the Spanish language through interactive and engaging activities. Students will learn basic vocabulary and phrases using songs, stories, and games designed for early learners. With a focus on making language learning enjoyable, the club helps develop listening and speaking skills in a playful and supportive environment, building a strong foundation for future language development.

## **Arabic Rap, Songs and Poetry**

Lead: Ms Noura | Ms Rola | Mr Abdulgalil | Mr Ahmed

KS1 Arabic introduces young learners to the Arabic language through a dynamic mix of stories, songs, poems, and even rap. Students will develop basic Arabic vocabulary and phrases while exploring the rhythm and melody of the language through creative and fun methods. From traditional stories to catchy AB songs and rap, this club makes learning Arabic an interactive experience. It's designed to spark curiosity, foster language skills, and bring the Arabic language to life for young learners.

## **Book Club**

Lead: Ms Laura | Ms Clare

Book Club invites students to explore the joy of reading, discussing, and sharing their favorite stories. From classic literature to modern favorites, students will discover new books and engage in lively discussions. It's a great space to improve reading skills, develop critical thinking, and connect with others who love reading.

## **Canva Club**

Lead: Mr Rothwell | Ms Amber | Mr Alex

Canva Club introduces students to the world of digital design. Using Canva's easy-to-use platform, students can create posters, social media graphics, presentations, and more. This club helps students develop creativity, design skills, and a professional approach to visual communication, perfect for aspiring graphic designers or anyone with a creative spark.

## **Cartoon Drawing & Animation**

Lead: Ms Candice | Ms Danielle

In this club, students learn the basics of cartoon drawing and animation. From character design to storytelling through animation, this creative space helps students turn their artistic ideas into moving masterpieces. Whether on paper or digitally, students will explore their passion for cartoons and animation.

## **Chess Club**

Lead: Ms Iman | Ms Alsha

Chess Club challenges students to think strategically and plan ahead. Whether you're a beginner or an experienced player, this club offers a fun and competitive environment to improve your skills. Chess helps develop critical thinking, problem-solving, and patience, all while enjoying friendly matches with peers.

## **Coding Club**

Lead: Ms Aimee | Ms Shannon | Mr Chris

Coding Club is where students turn their ideas into digital creations. Learning basic programming languages and concepts, students will develop their own games, websites, or apps. This hands-on club teaches problem-solving and logical thinking, preparing students for the ever-growing world of technology.

## **Cooking**

Lead: Ms Nicola | Ms Zahra | Ms Fiona | Ms Dominique

Cooking Club is perfect for young chefs who want to explore the kitchen. Students will learn basic cooking skills, try out fun recipes, and discover the importance of healthy eating. It's a creative, hands-on experience where students can develop confidence in the kitchen and enjoy the delicious results of their hard work!

## **Eco Warriors**

Lead: Mr Neil | Ms Chloe

Eco Warriors is all about making a difference for the environment. Students will learn about sustainability, recycling, and environmental responsibility while working on projects to make the school and community more eco-friendly. It's a fun and empowering way to become a steward of the Earth!

## **Arabic Calligraphy**

Lead: Mr Omar | Mr Hassan

KS2 Arabic - Calligraphy invites students to explore the beautiful and ancient art of Arabic script. Through guided practice, students will learn the flow and structure of Arabic letters, creating intricate designs with meaning and elegance. It's a creative and cultural experience that teaches both language skills and artistic expression, celebrating the beauty of Arabic calligraphy.

## **Life Hack Skills**

Lead: Ms Jasmine | Ms Vicky | Ms Nada | Ms Layan

Life Hacks and Skills teaches students practical tips and tricks to make everyday life easier. From organization and time management to simple DIY projects, students will learn useful skills to boost their productivity and problem-solving abilities. It's all about gaining real-world knowledge in a fun, engaging way.

## **Mindful Stretching**

Lead: Ms Amber | Ms Jeanine

Mindful Stretching helps students improve flexibility and focus through calming, guided stretching exercises. This club encourages relaxation, mental clarity, and mindfulness, offering a break from the busyness of daily life. It's a great way to promote well-being, both physically and mentally.

## **Quizzing**

Lead: Ms Katie | Mr Matt

Quizzing Club is the perfect place for curious minds who love trivia and challenges. With fun quizzes on a variety of topics, students will test their knowledge, improve recall, and learn new facts. It's a lively environment that fosters learning and friendly competition.

## **Set Designs & Props**

Lead: Ms Punam | Mr John | Ms Haiza | Ms Kirthana

Set Design/Props Club allows students to get creative behind the scenes of school productions. Students will design and build sets and props, learning valuable skills in craftsmanship, creativity, and teamwork. It's perfect for anyone interested in the artistic side of theatre.

## **VHPS Press Gang**

Lead: Ms Georgia | Ms Anna

In VHPS Press Gang, students become young reporters and journalists. They'll learn how to write articles, interview people, and report on school events. This club helps students develop writing, communication, and investigative skills while contributing to the school's newsletter or publications.

## **French**

Lead: Ms Aimee | Ms Isabel | Ms Nicola

French Club introduces students to the beauty of the French language and culture in a fun and interactive way. Through engaging activities like songs, games, and conversations, students will learn basic vocabulary, phrases, and pronunciation. The club also explores French customs, traditions, and everyday life, helping students connect language learning with cultural understanding.

## **Irish Dancing**

Lead: Ms Samantha | Ms Niamh | Ms Candice | Ms Nora

Irish Dancing offers students the chance to experience the traditional dance of Ireland. Through lively step patterns and rhythmic footwork, students will learn the basics of Irish dance in a fun and energetic setting. Whether performing in groups or solo, Irish Dancing promotes coordination, balance, and a sense of cultural pride, while being a great way to stay active.

## **Creative Storytelling**

Lead: Ms Amber

Creative Storytelling allows students to dive into the art of crafting and telling unique stories. Through games, prompts, and imagination, students will learn how to build engaging characters, develop plotlines, and bring stories to life. It's a wonderful way to enhance creativity, communication, and confidence, with opportunities to share their stories with others.

## **Wellbeing Wednesday**

Lead: All Staff

Wellbeing Wednesday is a day dedicated to promoting mental and physical health in a relaxing and supportive environment. Through activities like mindfulness and creative expression, students will learn how to manage stress, build resilience, and improve their overall wellbeing. This midweek reset helps students recharge, reflect, and develop healthy habits that support both their academic performance and personal growth. It's a time to focus on self-care, relaxation, and emotional wellness. ***“All you need is love”***

## **Knitting**

Lead: Ms Hannah

Knitting Club is a perfect space for students to learn or improve their knitting skills. From scarves to small accessories, students will create their own handmade items while developing patience, focus, and dexterity. It's a relaxing and rewarding craft that offers both creativity and the joy of making something from scratch.

## **MakerSpace**

Lead: Ms Iman | Ms Alsha

MakerSpace is a hands-on, creative workshop where students can bring their ideas to life using a variety of tools and materials. Whether building, crafting, or experimenting with technology, students will learn problem-solving and innovation skills. It's a place where creativity meets engineering, perfect for curious minds who love to tinker and invent.

## **Origami**

Lead: Ms Hannah

Origami Club introduces students to the fascinating world of Japanese paper folding. By learning the techniques to create intricate paper designs, from animals to flowers, students will develop fine motor skills, concentration, and a sense of achievement. Origami is a relaxing and artistic activity that turns simple paper into beautiful works of art.

## **Scratch Jnr**

Lead: Mr Chris

Scratch Jnr is a fun introduction to coding for younger students. Using a simple, visual programming language, students can create their own interactive stories, games, and animations. It's a playful way to learn coding concepts like sequencing, loops, and problem-solving, all while sparking creativity and digital literacy.
