Course Features:

Public Speaking Programme

Our dynamic Public Speaking Programme takes children on an exciting journey from Level 1 to Level 9, with each stage unlocking new skills, confidence, and creativity. At the end of every term, pupils complete an assessment to demonstrate their progress and earn an officially certified certificate for the level they have achieved. Each term also prepares pupils with the skills and confidence they need to move up to the next level in their public speaking journey.

Through interactive storytelling, children learn to capture audiences with vivid imagination and engaging narratives, from whimsical fairy tales to heartfelt personal stories. Expressive speech exercises sharpen vocal clarity, articulation, and emotional delivery, while confidence-building activities like drama games and improvisation help pupils step boldly into the spotlight.

Our creative presentation skills training equips them to craft compelling openings, deliver powerful conclusions, and handle stage nerves with poise. In a supportive, peer-focused environment, they benefit from constructive feedback, fostering resilience and camaraderie. Each course concludes with a celebration of achievements, where students showcase their progress in a final performance leaving them proud, confident, and excited for the next step.
